IS PLEASED TO ANNOUNCE
Agility seminar **WITH TRACY SKLENAR**
Friday, July 6. 2018 to Sunday, July 8. 2018

FRIDAY, July 6. 2018 – BRILLIANT BEGINNINGS –For dogs getting ready to compete as well as dogs already competing at the Novice level.

If you are getting ready to compete or already competing at the Novice level, then this session is for you. You will have the opportunity to practice various handling techniques, work on your timing, choose the clearest handling tools for your dog, find the fastest line, build commitment and connection while developing confidence and speed as you are growing as a team.

Prerequisite: Teams must be ready to run simple sequences of 8 to 12 Obstacles that include jumps and tunnels. (No contacts or weaves).

SATURDAY, July 7. 2018 - ADVANCED HANDLING – For dogs competing at Advanced/ Master Level.

In agility, timing is everything! You may have the perfect plan and have trained well for the challenges on the course but one slight hesitation or delay and “poof” the Q is gone. Cuing your dog at the right moment is an absolute necessity for success in agility. And, yet, it is a skill handlers rarely practice. We just assume that we are improving when we run our dog through short sequences and courses.

Unfortunately this is not always the case. In this session Tracy will guide you through some drills and show you how to use the right cue at the right time for your dog. She will also focus on improving the timing and accuracy of your cues.

Prerequisite: Teams must be competing at the Advanced or Master level and be proficient on all contact and weaves.

SUNDAY, July 8. 2018 - MASTER HANDLING - For Master Level Teams.

Push your skills past the Masters level! Are you ready to raise your game and explore how to get ahead and stay ahead of your fast dog on course? In this session you will explore ways to master ANY challenge on difficult AAC, USDAA or International-style courses that will make every course easier to run. Learn how the latest advancements in Tracy's Feet Forward approach as well as how to choose the handling options that keep you ahead of your dog.

Prerequisite: Handlers and Dogs who have attended at least two Master Handling sessions with Tracy before.

TIME: 8:30 am to 4:30 pm with a one hour break for lunch on all three days.

COST: \$ 300.00 working and unlimited auditing for the rest of the seminar.

"I understand that attendance at a dog training workshop is not without risk to myself or my dog. The nature of agility puts my dog at risk for injury. Some of the dogs to which I will be exposed may be difficult to control and may be the cause of injury even when handled with the greatest amount of care. "I, intending to be legally bound hereby, for myself, my heirs, executors and administrators, voluntarily assume all risks of accident or injury, and release and forever discharge Brigitte and Brian Hunter, Klondike's Northern Agility, JoAnne and Dave Nelson, Nelson Industries, their agents and employees from any and all liability for personal injury and property damage of any kind sustained on said property while exercising, training, or engaged in any activity with a dog, whether such personal injury or property damage is caused by the negligence of Brigitte and Brian Hunter, Klondike's Northern Agility, JoAnne and Dave Nelson, Nelson Industries and it's employees and owners of the property on which it occurred, " I further covenant and agree to indemnify and hold harmless Brigitte and Brian Hunter, Klondike's Northern Agility, JoAnne and Dave Nelson, Nelson Industries, their agents and employees from all loss and expense, including but not limited to damages, legal expenses and cost of defense, in any manner, arising from my use of said properties." I further covenant and agree to bring only healthy animals and will keep them under my control at all times. My dog will not be off leash outside the agility field or building and I will stay away from neighboring properties and horse pastures. "
