#### Class Changes

**Prizes and Awards:** Ribbons for Qualifying Rounds/Rosettes for All Titles

#### PLEASE NOTE:

Abuse in any form, of judges, competitors or volunteers will NOT BE TOLERATED!! Anyone disrupting the trial due to poor sportsmanship or abusive behaviour will be DISMISSED from the trial. No fees will be refunded and any legs earned to that point will be null. REMEMBER---This sport is FUN for dog, handler, judges and volunteers!!

**Please read carefully the following information from AAC regarding Dog ID cards, new jump heights, measuring and check in at agility trials.**

For the time period of January 1 - December 31, 2018 all dogs will be required to check in at each trial. Handlers/owners will be required to produce a 2018 AAC Dog ID card for each dog to verify that each dog has been measured and is entered in the correct height class and category. If you do not already have a 2018 Dog ID and Dog Measurement Form you can access one by going to [www.aac.ca](http://www.aac.ca), click on Online Services, and scroll down to Dog ID Registration. You will have the choice of an online or mail in application.

#### Optional: Pre-trial Dog Check-In

For the time period of January 1 – December 31, 2018 the only exception to mandatory "at trial" dog check-in is if pre-trial dog check-in is offered by the host group or club.

**Crocus Obedience & Kennel Club is offering Pre-trial Dog Check-in at our June agility trail.** This pre-trial check-in will be available for dogs that have a completed AAC Dog ID card that is a 2018 version, has two official measurements in the same height category made with an AAC verified measuring device and signed by a minimum of two different judges. Pre-trial check-in will permit competitors to attach a photocopy of their completed AAC Dog ID Card (both sides) to their completed entry form. **The host group or club will show in the final confirmation of entry if the dog's ID was accepted for pre-trial check-in. If the confirmation does not include acceptance, then competitors are required to follow the regular "at the trial" check-in.** (Reference: AAC Rulebook 2018 Sections [2.2.2 - 2.2.4](#))

Effective April 19, 2018, the AAC BOD has agreed clubs may hold copies of COMPLETED and valid Dog ID Height Cards on file. The clubs can inform competitors of this in their premium list, website, or by email. This will eliminate the need for competitors to show their new height cards at every trial in 2018. COKC will be compiling a Dog ID Height Card file and competitors will be notified when their dog(s)' height cards are on file.

## Agility Class Descriptions

### Category Descriptions:

**Regular Category:** This category is open to all dogs, 18 months of age or older, as described within the current AAC rules.

**Specials Category:** This category is open to all dogs. Dogs jump one height lower than the Regular category. Once a dog has entered an official trial in the Specials category, they may no longer compete in the Regular category unless they make a special application using the form available on the AAC website. This move may only be done once during a dog's career.

**Veterans Category:** This category is for dogs seven years of age or older. This class is also open to dogs five years of age or older who have been competing in the Specials category for a minimum of twelve months immediately preceding the move to Veterans. Dogs jump one height lower than the Regular category.

**Double Drop Veterans Category:** This category is for handlers who opt to have their dogs jump **two** heights lower than the Regular Category (when a lower jump height is available).

**Junior Handler Category:** This category is for youths who are registered with the Junior Handler program and have been issued a Junior Handler ID number. Entries are made under the Junior Handler ID number, not the dog's ID number. Qualifying scores are recorded under the Junior Handler ID, and **do not** count towards titles for the dog.

### Class Descriptions:

**Standard Class:** This class demonstrates proficiency on all agility obstacles in a numbered course.

**Gamblers Class:** This game demonstrates the handler's strategy and the dog's ability to work at a distance from the handler. The object of the game is to accumulate as many points as possible during the opening sequence and successfully complete the Gamble.

**Snooker Class:** This game demonstrates the handler and dog's versatility as they work together against the clock. The object of the game is to accumulate as many points by successfully completing as many obstacles as possible in the prescribed order within time.

**Jumpers Class:** This game demonstrates a dog's natural jumping ability. The dog is required to complete a course comprised of jumps and tunnels as prescribed by the judge.

**Steeplechase:** This game demonstrates the dog's ability to run and jump at high speeds while maintaining control on the A-frame and weave poles. This class is open to all dogs eligible to compete in other AAC qualifying events at the Starters, Advanced or Masters Level.

**Challenge Class:** This goal of this class is to test the handling skills and speed of the agility team. It is meant to reflect a similarity to world-level courses in difficulty and handling requirements. Only those eligible to compete in the Masters Standard class are eligible to enter Challenge.

Please refer to [AAC Rulebook](#) for complete class rules and title requirements – available online at [www.aac.ca](http://www.aac.ca)
